Dear Comore Loma Water Members,

This is a reminder of the upcoming annual General Membership Meeting to be held Tuesday, April 22, 2025, at 7:00 p.m. in the Ammon Elementary Auditorium.

In addition to the annual election and customary presentations and Q&A by the board of directors and water operators, a representative from S&A Engineers will be available to discuss and answer questions regarding the findings of their completed water facilities study of the Comore Loma Water system.

Members wishing to review the study may send a request to clwbilling@gmail.com and may submit comments at the April 22nd meeting or by email during the public comment period, now through May 20, 2025. The CLWC board of directors will consider member input and adopt an implementation plan pending available funding at the board meeting scheduled for May 21, 2025.

We hope you'll join us on Tuesday for this informative evening.

Sincerely, CLWC Board of Directors
